

The background is a solid black field densely populated with small, white, line-art style icons. These icons include various geometric shapes such as cubes, spheres, triangles, and polyhedrons. Interspersed among these are symbols of philosophy and science, including the Greek letter ψ (psi) inside a circle, the Yin-Yang symbol, a classical column, a globe on a stand, a thought bubble, and a profile of a head with a brain inside. The icons are scattered randomly across the entire page, creating a rich, textured backdrop for the central text.
